Proposition on Apportionment Causes a Fight, but it Passes Just the Same.

Ion. J. K. Toole Makes a Vigorous Protes Against the Senatorial Appor-

The last proposition to be considered by the constitutional convention was passed yesterday and nothing remains but the report of the committee on correction and revision and it is quite probable that the convention will adjourn sine die Saturday. The propositions on ordinances, schedules and apportionment were passed. The committee on revision asked until Tuesday to make a report, claiming they could not get through before that time, but there was such a vigorous protest made that the convention will probably adjourn from day to day until the final adjournment.

On motion the committee of more than one-third of the electors of the state will be destroyed. It will operate as a transfer of political power in the senate from the majority to the minority.
